ABOUT ME

I like to set challenging goals, give my best to achieve them together with the team and finally celebrate the achievements.

I am thrilled to work in multicultural teams and always put myself on the line.

EDUCATION

Master in computer engineering

Università degli Studi eCampus
2022 - 2023

Bachelor in computer engineering

Università della Calabria
2012 - 2015

WORK EXPERIENCE

Engineering Manager & Agile Coach

NTT DATA Italia S.p.A.

Engineering leader with a solid background in mobile development and tech architecture, now leading cross-functional teams to build digital products that matter. Over the years at NTT DATA I've worn many hats — developer, technical architect, agile coach — which helped me grow a strong sense of ownership, people leadership, and delivery focus. I love working with passionate people, simplifying complex challenges, and making things happen through collaboration, clarity, and a bit of fun. Always curious, always learning — ready to bring this energy to an ambitious, product-driven team like WeRoad.

Mobile Expert Technical Architect

NTT DATA Italia S.p.A.

2018 - 2020

I actively lead the ex novo building of a lot of products that went to production environment for different customers in energy, telco, banking, food and beverage businesses.

I liked to project architectural solutions suited to the context and scalable due of the requested requirements.

Mobile Developer

NTT DATA Italia S.p.A.

2015 - 2018

I actively developed big sized mobile applications with different native frameworks (Objective-C, Swift) and cross platform too (Xamarin Native, Forms and Flutter).

INTERESTS

I constantly follow everything related to space exploration and its progress.

I like everything that innovates and simplifies everyday life.

Very attentive to issues such as the environment, climate change and I like to think that everyone can do a lot in their own small way.
